Dreer's Wholesale Price List SUMMER, 1932

CONDITIONS OF SALE

PARCEL POST—We will be pleased to send such items as can be mailed by Parcel Post if customers will remit for postage. **We do not deliver any goods free at Wholesale prices.**

PRICES—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. **Plants offered in our Retail Catalogue and not offered in this list will be supplied to florists at retail prices less a discount of 33% excepting small fruits on which the discount is 20%.**

TERMS OF BUSINESS—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia Banks, or Express Money Orders, in amount sufficient to cover the complete order. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way. **WE DECLINE SENDING GOODS C. O. D.**

All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**; and write **Name and Address Distinctly** on each and every order.

CANADIAN SHIPMENTS—All goods are sent by Mail, Express or Freight, purchaser paying all charges. Patrons who wish to purchase Plants and Bulbs must secure a permit from the Department of Agriculture, Ottawa.

SHIPPING—It is customary for our patrons to receive their orders from us in perfect condition, but all shipments are made at purchaser's risk, our responsibility ceasing after we deliver the goods in good order to transportation company. Claims for shortages, etc., must be made within 5 days of receipt of goods.

JUNE, 1932.

NON-WARRANTY—Henry A. Dreer, Inc., gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any Seeds, Bulbs or Plants they sell, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Dreer's Celebrated Lawn Grass Seeds

Reseeding the lawn in summer is almost a necessity, as the resultant new growth helps to keep down the unsightly and troublesome fall weeds. We use only the highest quality of Recleaned Perennial Grass and Clover Seeds in the composition of our lawn mixtures. No cheap annuals such as Timothy are included for we aim to produce permanent results rather than a quick but temporary effect. Put up in attractive and convenient-sized cartons, they make a very necessary and profitable side line for every Florist to stock.

DREER'S ROSE NOVELTIES

Hybrid-Teas of Exceptional Merit

Olympiad (Mme. Raymond Gaujard)

New Hybrid-Tea Rose, Olympiad

Impress. Very large, full, absolutely perfect blooms that last in perfection a long time; color salmon-cerise suffused with a luminous golden sheen; the bud is large, of ovoid form, cardinal-red, shaded orange; growth strong; a free and continuous bloomer. \$50.00 per 100.

McGredy's Scarlet (McGredy & Son, 1930). A new red Rose of marked superiority on account of its strong vigorous growth, free and continuous habit of flowering and its brilliant color. The flowers are of good size, full double of a brilliant scarlet, orange yellow at base of petals, the upper portions of same being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful. \$40.00 per 100.

Mme. Nicolas Aussel (Pernet-Ducher, 1930). In a French contest, Sept. 15th, 1931, was voted an award of a Gold Medal as The Most Beautiful Rose in France. An outstanding introduction of the late Mr. Pernet-Ducher. In color a bright coppery-red in the very long, shapely, tapering bud that develops into a large, full double flower of an exquisite opalescent salmon-pink. Growth vigorous and healthy, free and continuous bloomer. \$40.00 per 100.

Mrs. Sam McGredy (McGredy, 1929.) The color of this beautiful variety is quite distinct from anything yet seen in Roses, a wonderful dual combination of vivid shades. A beautiful scarlet coppery-orange is heavily flushed with Lincoln-red on the outside of the petals, and these colors together give a rich and almost dazzling effect. The flowers are of large size and beautiful form, and they possess the proper fullness to make them useful for all purposes. They are very freely produced and delicately perfumed. The plant has a vigorous and exceptionally free habit and is one of the best all-purpose varieties. \$50.00 per 100.

Portadown Fragrance. A Rose that pleases not only on account of its beautiful formation and color but also for its remarkable sweet fragrance, described by its introducer as surpassing any other variety. The bud is long-pointed; the flower very large, double, high-centered and unusually long lasting. Color brilliant orange-scarlet passing to bright rose towards the edge of the petals; of vigorous habit and free flowering. \$50.00 per 100.

Awarded The Gold Medal at the Great Atlantic City Flower and Garden Pageant, September, 1931, also a Gold Medal at the International Flower Show in New York City, March, 1932, as well as The Gold Medal, the Sweepstakes Prize, for our display of a Garden of Roses, which consisted of 1800 plants of the variety Olympiad, at the Philadelphia Flower Show, March, 1932.

Olympiad is one of the late Mr. Pernet-Ducher's seedlings which did not develop its bloom until after this great rosarian passed away in 1929. It was shown in France under the name Mme. Raymond Guajard but is now known as Olympiad which name was adopted in connection with the International Olympic games being held in California this year.

The color of Olympiad is unique, a lustrous, dark oriental-scarlet, its depth and warmth accentuated by a bright golden base and is intensified by a marvelous velvety sheen that makes its rich coloring particularly effective, especially under artificial light.

The bud is long and pointed, the petals are very broad and the blossom is magnificent in every stage of development.

We are now booking orders for fall and winter delivery at \$50.00 per 100; \$400.00 per 1000; 500 or more supplied at 1000 rates.

Schwabenland (Pfützer, 1928). There are many pink Roses but none just like this new variety either in color or in the splendid formation of its blooms. The flowers are large, over five inches in diameter, with high spiral centre, the petals having a peculiar twist or curl. In color it is a luminous rich rose-pink, retaining its brightness until the petals drop, the flowers are carried singly on long stiff stems. A strong, healthy, hardy, vigorous grower and free flowering. \$40.00 per 100.

Vaterland (Pfützer, 1928). The most distinct dark colored variety yet introduced, deeper and richer in effect than the Hybrid-Perpetual variety Prince Camille de Rohan, a rich deep velvety scarlet maroon and a splendidly formed high centered flower of remarkable keeping qualities. The plant is of vigorous strong erect habit with healthy foliage and free and perpetual flowering; unquestionably the best of this type that has yet come to our notice. \$40.00 per 100.

Mrs. Wakefield Christie-Miller. As a pink bedding Rose there is none better. The flowers are of large size, remain perfect for a long time, and are produced very freely; they are of a bright pink color with lighter shadings. **\$35.00** per 100.

Mrs. William C. Egan. A vigorous strong healthy grower with long, pointed buds of absolutely perfect form, that develop into flowers of good shape. In color it is a two-tone pink. **\$35.00** per 100.

Ophelia. Always admired; long pointed shapely bud and fair-sized, double, very lasting, fragrant flower; salmon flesh, center shaded light yellow at base; a free and continuous bloomer. **\$35.00** per 100.

Padre. Most attractive and novel in coloring, with long petals of a coppery scarlet flushed with yellow at the base. Growth strong and upright and exceedingly free-flowering. **\$35.00** per 100.

Pink Pearl. In color a brilliant rich cerise pink the base of the petals touched with gold. The flowers are full double, of perfect form, delightfully sweet-scented and produced profusely. **\$35.00** per 100.

Polly. A pretty flower of the Ophelia type but much larger. Bud long pointed, golden yellow flushed delicate pink; flower large, very double, high-centered, dainty pink early in the season, later becomes deeply suffused with golden yellow. Very fragrant. **\$40.00** per 100.

Portadown Bedder. Long pointed medium-sized bud; the flower which is of medium size, double, high-centered and fragrant is a glowing scarlet-cerise on an orange ground, the reverse of the petals orange yellow. Very free flowering. **\$35.00** per 100.

President Jac Smits. Bud very large, long pointed; flower large, semi-double, moderately fragrant of a most brilliant rich velvety-scarlet; vigorous and profuse flowering. **\$35.00** per 100.

President Hoover. A glorious Rose, wonderfully free in the easy manner in which it grows and charming in its color arrangement which is a splendid combination of cerise-pink, flame, scarlet and yellow; this combination of colors gives the most dazzling color effect imaginable. The buds are beautifully pointed, the flowers large, composed of broad thick heavy petals, with moderate fragrance. **\$35.00** per 100.

Radiance. The popular carmine pink that succeeds everywhere. **\$35.00** per 100.

Red Radiance. Bright cerise sport of Radiance. **\$35.00** per 100.

Rev. F. Page Roberts. The long pointed buds are of a coppery-red stained red on the outside and open to good full double fragrant flowers of a golden-yellow particularly high colored in late summer and fall. The plant is of vigorous branching habit with beautiful foliage. A most distinct variety that has deservedly gained great popularity. **\$35.00** per 100.

Rosella Sweet. Large ovoid bud developing to a splendid large, well-formed, attractive flower of a luminous capucine yellow, with delicate salmon-pink suffusion and of strong delicious fragrance. The fine flowers are borne singly on strong stiff stems, the plant is of vigorous upright habit with healthy dark green glossy foliage. **\$35.00** per 100.

**THE NEW DAWN****The First Rose Protected Under U. S. Patent**

Everblooming Hybrid-Perpetual Rose Mme. Albert Barbier

Introduced several years ago, this remarkable Rose has quickly found its place in popular favor. In its habit of flowering it is as free as many of the popular Hybrid-Tea varieties, its seed parent is Frau Karl Druschki, from which it has inherited a strong, clean, vigorous growth; its buds are long and well formed of a pearly white color suffused with soft, salmony flesh and develop into large, full double imbricated flowers of splendid form which as they expand, show a golden apricot suffused centre. A gem in every respect. **\$35.00** per 100.

Trailing Hybrid-Rugosa Rose Max Graf

Makes an excellent pillar or climbing Rose, but will be found most valuable as a ground cover for which purpose it is far superior to any of the Wichurana varieties. The foliage resembles Rosa Rugosa, is retained very late in the season, it is practically immune to insects and diseases and is absolutely hardy. Its flowers are large, single, bright pink with prettily crimped petals. For planting on a steep bank or for trailing over a stone wall, it has no equal. **\$30.00** per 100.

New Hybrid-Rugosa Rose Dr. Eckener

This new Rugosa Hybrid is a welcome addition in this very hardy type of Rose. It will be found particularly valuable to plant in the shrubbery border or as an individual specimen or clump in the garden. It is strong, vigorous and hardy in growth, with good sized flowers of cupped form and entirely distinct in color, being a silken or luminous buff pink with golden suffusion. **\$50.00** per 100.

New Hybrid-Polyantha Rose Pink Gruss an Aachen

Originated as a most distinct sport from the very popular bedding Rose Gruss an Aachen but of more intense, richer coloring; the large double flowers equal in form and size to many of our good Hybrid Tea varieties and always a mass of bloom throughout the season, the base color delicate flesh with much deeper salmon and pink shadings. **\$40.00** per 100.

THE NEW DAWN

The Everblooming Dr. W. Van Fleet

**THE FIRST PLANT PATENTED UNDER THE
UNITED STATES PATENT LAWS**

Patent Number 1, the first patent issued August 18, 1931, under the new Patent Law was granted to the originators of the New Dawn Rose, giving them the sole rights for the propagation of this desirable new variety.

This new Rose is a sport from Dr. Van Fleet which is universally acknowledged as the best and most popular American Climbing Rose. This new variety is identical in every way with its parent in size and formation of its long pointed flesh pink buds and double flowers, but blooms continuously throughout the summer and fall months. Really the first worth while Hardy Everblooming Climber introduced; a variety that every Rose lover will be anxious to possess.

We are exclusive wholesale distributors of this valuable acquisition. Our arrangement with the originators is that the wholesale purchaser shall re-sell these plants only at retail and no license to reproduce same for sale is granted.

For the coming fall and spring of 1933 our retail price will be **\$1.50** each and we will supply the trade at the rate of **\$75.00** per 100 for strong two-year-old, budded, field-grown plants. We will have an ample supply to meet all demands and are now prepared to book orders for fall or spring delivery at prices noted above.

We offer this variety and will supply same only with the understanding that the plants are accepted by you under this arrangement.

Tree Shaped Roses

The varieties noted below can be supplied on heavy straight stems of the Oregon Briar about 40 to 42 inches high, much superior to Rugosa stems as supplied in recent years.
